

Health

DESCRIPTION

The Hanover Health Department is part of the Virginia Department of Health's Hanover Health District. The District encompasses the Counties of Charles City, Goochland, Hanover, and New Kent. Funding is predominantly through a cooperative agreement with the Commonwealth, in which Hanover pays 45% of the Health Department's budget. The Hanover Health Department provides, medical, emergency preparedness, and environmental services which are preventive in nature, and collaborates with other agencies, health care providers, and local communities to address public health issues/provide public health leadership, guidance, education, and consultation to the community. These services are detailed in the local cooperative agreement and in the Department of Health's Virginia 2010 Plan.

GOALS AND OBJECTIVES

- Increase the efficiency of operations: update, purge, streamline filing and implement new databases for clinical, EH & communicable disease surveillance;
- Promote a healthy environment through education and enforcement of environmental regulations: 2 food safety inspections annually, turn over AOSE packets in one week, standardize EH training
- Promote a healthy lifestyle & foster independence from traditional medical case management;
- Assist individual Hanover citizens in maintaining optimal health; continue safety net services;
- Improve services: assure CQI training for all staff;
- Prepare staff to respond to emergencies: revise plans and train on those plans and;
- Reduce the incidence of communicable disease.
