

SITE PLAN/CONSTRUCTION PLAN ACCEPTANCE CRITERIA

The following items must be included as part of the application package or on the plans. Omission of any of these items will result in the plan being rejected until the deficiency is corrected. The complete plans may then be submitted under the next appropriate filing deadline.

- Completed application & checklists
- VDOT 527 certification / study
- PITS (Project Information Tracking Sheet)
- Landscape plan (if required)
- Drainage calculations
- Drainage Area Map
- Erosion & Sediment control measures/plan
- Water Meter Sizing Calculations
- Water & Sewer Material Quantities
- Proposed water and sanitary sewer shown in plan view
- Proposed Water & Sewer profiles included
- Appropriate project, land, and developer contact info on application
- Use of County based datum
